## **Ensure**<sup>TM</sup>

## Alcohol sanitiser

Disinfectant cleaner for use in the food processing, catering and healthcare industries.

Kills bacteria and cleans surfaces in a one-stage application.

Does not contain quaternary ammonium compound.

- Unperfumed, ready-to-use, alcohol-based sanitiser which kills bacteria and yeast.
- Passes European disinfectant test method EN 1276, under dirty conditions, with a 30 second contact time. Also passes EN 13697 and EN 1650.
- For use on a variety of surfaces, including stainless steel, most plastics, glass, ceramics and paintwork.
- Quickly evaporates, leaving the surface clean, dry and disinfected.
- · Will clean and disinfect after minor food spillages; ideal for conveyor belts.
- Suitable for use as a mid-shift disinfectant, to maintain high levels of hygiene, as well as for sanitising surfaces both pre and post shift.
- Ideal for use where it is not practical to use water.
- Also for use in medical areas, laboratories, veterinary clinics and the leisure industry.
- A microbiology profile is available via the website for more detailed information.

## **CLEANING AND DISINFECTING:**

Use undiluted. Spray directly onto surface and wipe with a clean cloth or disposable paper towel. Allow to air dry.

## **HEAVILY SOILED SURFACES OR LARGE SPILLAGE:**

Depending on the severity of soil or spillage, it will be necessary to pre-clean the surface, before a final application as detailed above.

AVOID SPRAYING NEAR TO MOTORS OR OTHER UNPROTECTED ELECTRICAL EQUIPMENT

USE DISINFECTANTS SAFELY | ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE

Order Code: A053AEV

Pack: 6 x 750ml

Order Code: A053EEV2

Pack: 2 x 5 litres

PRODUCT INFORMATION:

Appearance: Clear liquid
Odour: Alcoholic
pH - undiluted: 8.5
Shelf life: 3 years
